# About the Brand

Founded as a knife factory in 1893 in Courtételle, a small place near Delémont in the Swiss Jura region. Wenger can look back on a 120 years history. This history is shaped by a passion for quality, precision and outstanding craftsmanship as well as many iconic products, including the world-famous "Swiss Army Knife". Wenger widened its product range, which is popular across the world, to include watches from 1997 and later luggage. The brand retained its distinct identity after the takeover by Victorinox in 2005 and continued to develop its product lines further. In 2013 Victorinox integrated Wenger knives into its own range so that Wenger could concentrate on global development of its two most successful segments - watches and luggage.

Agile, up-to-date and at home in the world's cities, but always with its traditional Swiss roots in mind. This is Wenger today. Wenger's timekeepers and luggage are reliable, functional and well designed, and they capture the spirit of the times. They are conceived for people who travel a lot and who therefore want to count on a Swiss brand at a reasonable price.

## **Wenger Watches**

Wenger's watches are the perfect companion for those with sophisticated demands, practical, highly functional and reliable.

The best Swiss quality at reasonable prices. Whether with an urban look or popular vintage style, sporty or classically elegant, every design reflects visible and tangible attention to the smallest detail.

The wide range of three-hand models and chronographs that are water-resistant to 10 ATM/100 m offers everything you need for an active, mobile lifestyle. Wenger is rigorous in its use of exclusively Swiss clockwork as well as high-quality materials such as stainless steel with a PVD finish and sapphire-coated crystal.

Wenger also offers a three-year guarantee for every watch.
